

Environmental Policy Statement

BMT WBM conducts its business in a manner which is compatible with the balanced environmental and economic needs of the clients with whom we work and the broader community of which we are a part. BMT WBM maintains an environmental management system that meets ISO 14001 requirements and complies with all relevant environmental legislation and regulations. Where legislation or regulations do not exist, BMT WBM applies responsible standards.

BMT WBM is committed to continuous efforts to improve its environmental performance and to prevent pollution and environmental harm throughout its activities, including through the setting of specific environmental objectives and targets. We encourage concern and respect for the environment, emphasise each employee's responsibility in this regard, and ensure appropriate operating practices and training are in place.

The following are key areas BMT WBM will monitor and make every effort to minimise:

- Power consumption
- Water consumption
- Consumption and disposal of consumables
- Non-specific travel

Philip Haines
Acting Managing Director
(Water and Environment)

Paul Charlton
Managing Director
(Machinery)
